Protection for your premises

Great care is taken to ensure that your security guard is able to deal with any and every situation on a day to day basis.

Security is paramount in today society and all aspects of your requirement are taken seriously, even the presentation of your security deployment.

Manned Guarding

Why Choose All Year Security

All Year Security focuses on continuously managing the services we provide to ensure that our customer's are receiving best value at all times.

Managed Services

All contracts are allocated at least one supervisor. They will ensure that you are receiving the promised service, respond to all queries, ensure all staff are properly inducted, check monitoring records, incident book and that a named contact at your office is informed about everything that happens at your site.

Monitored Service

The use time attendance systems and patrol watch systems provide an indiscriminate way of measuring the quality of the service you receive.

Recording devices accurately record the

time date and location of all our security team, so you can rest assured patrols are carried out as promised.

Valued Staff

We are a labour intensive industry and we recognise the importance of valuing of

our security team. We appreciate the importance and stress of being 'on guard' for long periods of time, and know overworked, underpaid, overtired, unmotivated and unvalued security team simply cannot perform effectively. Our security staff are part of employer contributed pension scheme, paid health plan, get a minimum of 24 days holidays and do not work more than 48hrs a week. These are just some of the benefits our guards receive as standard.

Quality Assured - or your money back!

When setting out the terms of conditions of contracts, we will work with you to set out a penalty charge system, which, if the event occurs that the service we are providing falls below what is promised or acceptable, we pay you a fine. These systems ensure that you continue to receive a quality service.

All Year Service

Our supervisory team are contactable all day, every day and will be able to respond to any situation at all times.

If you are looking for manned guards call us free on **0800 848 8201**
